SALOMEA is the band and team around singer, composer and lyricist Rebekka Salomea. Creating state-of-the-art songs with eccentric beats, modern sound design and diverse vocals, SALOMEA have worked and played their way to the very front of popular Avantgarde.

The sound is influenced by mainstream music, combined with the freedom and potential of improvisation and finally wrapped in unconventional compositional structures. SALOMEA experiments with sound and lyrics, shares personal stories, creating paths beyond traditional structures of singing and songwriting. SALOMEA will challenge and expand your listening habits.

The band has been performing at festivals all over Europa and across the borders such as Jazzablanca Festival, Morocco, Moers festival, c/o Pop Cologne, Avignon Jazzfestival, etc. and has shared stages with artists like KNOWER.

They have been featured several times on German public radio stations (SWR, WDR) and were finalists in the "Neuer Deutscher Jazzpreis" Award 2018. Their Debut-Album was released in June 2018 on KLAENGrecords.
